

Mondrian

This luminaire is all about elegance in length. Graphically slender, it adds a distinctive lighting mood in a library, or perhaps either side of a mirror. Offered in two lengths, this wall fitting can also be ceiling mounted to enhance your interior spaces or garden. Very attractive when repeated along the length of a wall or pathway. This luminaire is supplied ready to install, fully equipped with its own cable, light source and wall outlet. All our luminaires are manufactured, assembled and packaged at our Châtillon-sur-Saône production plant in the Vosges region of France.
